

PRO MX-3000HD “HEAVY DUTY”

ONLY H.D SMOKE MACHINE WITH LCD Screen & LED Flow Meter, ADJUSTABLE 0 – 143 PSI

Our model Pro MX-3000HD, the “HEAVY DUTY” is fully functionable right out of the box. Weighing in at only 8 lbs. As with all our smoke machines the “HD” performs all the necessary tests to locate leaks and performs air leak decay tests to verify accurately that the leak or leaks have been repaired properly. Uses shop air, with adjustable pressure rate (0 – 143psi) so the technician can dial up the exact pressure need to test specific systems of the truck. From Airbox to Exhaust the Heavy Duty unit can find and test all leaks that occur fast and saving time and money. The unit comes complete with all the necessary adaptors that is required.
